

Our lightweight strut,  
designed for swift  
passenger vehicle rescue.

This light-duty strut packs all of the features of the **X-Strut series**, but measures in at a fraction of the weight. With a 1150 kg. safe working load, this strut is perfect for departments that see many compact car accidents. Using our **smaller add-on jack** designed for the strut, you also get an additional 1150 kg. of lift!

The **Green Lite** is an affordable and lightweight way to outfit your rescue.
